Supported by

Fonds National de la
Recherche Luxembourg

EU-SAFETY 2019

will bring together European and international stakeholders and practitioners in the prevention of accidents and injuries to exchange, debate and discuss the latest results in injury research, policies and practices.

The conference will highlight the achievements in injury prevention, review progress made in injury surveillance and research, and show case good practices in key priority areas such as child safety, consumer product safety, safety for older people and safety of vulnerable road users.

VENUE

Luxembourg City, the capital of the only Grand Duchy in the world, offers an unique experience with its blend of theatres and museums, UNESCO World Heritage sites, architectural jewels and Michelin rated gastronomy. The event will be held in the heart of Luxembourg's older quarters, at the Neumünster Abbey.
